
CHEYENNE AND ARAPAHO TRIBES

GUIDELINES

REVISED NOVEMBER 2015
Effective October 2014
Cheyenne and Arapaho Tribes

MISSION STATEMENT

The mission of the Cheyenne and Arapaho Tribes HOPE Program is to selflessly assist low-income tribal members with supplemental assistance during genuine crisis situations and increase the understanding and significance of self-sufficiency in daily living.

GUIDELINES

The following guidelines distinguish allowable types of assistance that may be granted by the HOPE Program. An application must be completed before assistance can be provided. If assistance has been provided by another tribal program during the same time frame and for the same service the applicant is seeking HOPE funds for, services will be denied. Intentional double-dipping from two (2) or more tribal programs will constitute suspension from each program for a period of (1) year.

For purposes of these guidelines, IMMEDIATE FAMILY MEMBER shall be defined as a husband, wife, father, mother, sister, brother, son or daughter. In questions of guardianship, legal documents must be provided.

Guidelines must be adhered to. Exceptions to any guideline must be approved by the HOPE Program Director.

Certain services are INCOME BASED and are denoted as such. The following chart can be used to determine the eligibility of an applicant based on family size and NET income.

NET Income Guidelines Chart								
Household Size	1	2	3	4	5	6	7	8
Income Guidelines	\$23,755	\$29,755	\$35,755	\$41,755	\$47,755	\$53,755	\$59,755	\$65,755

SCHEDULE A
